Delta Police Respond to Court Decision on the Berner Trial

As a result of the serious collision which occurred on May 17, 2008 that lead to the death of four year old Alexa Middelaer, serious injury to her aunt Daphne and injury to her grandparents; the Delta Police embarked on a lengthy and complex investigation that involved a number of Delta Police officers and assistance from outside agencies.

This tragedy has been devastating for all involved and one that has left and will leave an indelible mark on the Middelaer family and this community.

The Delta Police, as an arm of the Criminal Justice System, conducted a comprehensive investigation working within the provisions of the law in a professional manner, bringing all of the available information and evidence forward before the courts.

The Delta Police continue to extend our most sincere and heartfelt sympathy to the Middelaer family and we applaud their determination to not only come to terms with their immense loss but to affect change, raising social conscience with respect to the devastation of drinking and driving in the province of BC and across Canada.
