Air 2 Police Helicopter Leads Delta PD to Outdoor Marijuana Grow Operation(s).

The excellent partnership the Delta Police have with the Lower Mainland Traffic Safety Helicopter Program proved effective once again.

On September 03, 2010 while returning to the sky from a lunch break Air 2 was flying overhead in the Delta area and spotted what they believed to be two possible outdoor marijuana grow operations in the bog near 10400 blk 64th St.

Air 2 officers contacted the Delta Police advising of their observations and subsequently found a third site a short distance from the original two.

Air 2 guided the Delta Police Drug Section officers, who were on the ground, into the bog. All three were confirmed marijuana grow operations.

Delta Police cut and seized a total of 1200 mature plants and removed related equipment for destruction. It is believed that these plants were just a few weeks from harvest and would have yielded an estimated street value of \$450,000. There are no suspects at this time.
